Well-Rounded Program at Camp Carew at Little Grassy Lake

All Activities Under Direction of
Area Presbyterian Ministers, Lay People

Camp Carew, maintained by the 56 Presbyterian churches in the Presbyteries of Cairo and Ewing, is the site of a Christ-centered camping season for a large number of young people each summer.

The camp, operating for the sixth summer, is located on Little Grassy Lake and covers an area of approximately 50 acres.

The daily schedule is a well-rounded program of worship, fellowship and recreation. All activities are under the direction of ministers and lay people from the various Presbyterian churches interested in Camp Carew.

The day-long program starts with "get-up, wash-up, dress-up" at 6:30 a. m. and continues until "light-out, good-night" at 10 p. m.

Prior to breakfast a brief Morning Watch service is held and from 8:45 to 10:15 the campers are divided into Discovery Groups for a study course written in line with the regular Sunday school materials.

Recreation Periods
The afternoon program includes worship period, nature study, camera craft, handicraft, sketching, choir rehearsal and rest hour. There are recreation periods in both the morning and afternoon, with swimming and boating most popular.

Following the evening meal Vesper services are held and just before "lights-out," devotions are held by tent groups.

The Rev. William Burroughs, pastor of the Harrisburg Presbyterian church, is chairman of the Camp and Conference committee and a member of the Camp Carew staff this week. He teaches one of the Discovery Groups and holds the evening Vesper service each day. And there is something doing all day, such as taking a

Democrats Ask 68 to 69 Billion Spending Ceiling

Proposal Counteracts Secret Ike Order To Gov't Agencies

WASHINGTON (UP) — House Democrats sprung a surprise plan today aimed at clearing the way for early tax relief.

They proposed to clamp a limit of 68 or 69 billion dollars on government spending the current fiscal year.

They devised their plan to counter a directive President Eisenhower issued secretly to government agencies several weeks ago to hold spending to almost two billion dollars, less than he originally budgeted for fiscal 1958. This would bring government outlays down to about 70 billion dollars.

Democrats, who learned of the order Friday, angrily concluded the President was trying to steal the economy issue from them after insisting the budget couldn't be cut appreciably.

The spending ceiling proposal picked up widespread support from Democratic leaders and the rank-and-file. Some Republicans even endorsed it and an early drive to enact such legislation seemed likely.

Chairman Clarence Cannon (D-Mo.) said his House Appropriations Committee soon would consider legislation to set a spending ceiling.

Such a spending limit would clear the road for Democrats to push for a tax cut. And if the President vetoed the legislation, Democrats still figured this would restore the economy issue to their side.

Other congressional news:
Civil Rights: The Senate met early today for a long day of debate on the civil rights bill. Talk of a compromise still persisted.

Sen. Albert Gore (D-Tenn.) predicted that "ultimately a position of moderation will prevail."

Gard: Sen. Gordon Allott (R-Colo.) urged the Senate to make a special investigation into the Gard case. He prepared a resolution to set up a bipartisan committee of eight senators to look into the case. He said committee would cover aspects of the case not covered by the House committee.

Ceremonies Open Jamboree

Boy Scouts Stand for Things That Make America Great, Nixon Says

VALLEY FORGE, Pa. (UP) — Vice President Richard M. Nixon told 50,000 Boy Scouts Friday night that they stood for "the things that make America great."

Nixon spoke at ceremonies marking the opening of the fourth National Boy Scout Jamboree on the historic ground where Gen. George Washington and his poorly clothed colonial army suffered during the winter of 1777-78.

The vice president said the scouts would remember the jamboree "as one of the finest experiences of your life."

"The things that make America great are the things that the Boy Scouts of America stand for."

Earlier, Dr. Arthur A. Shuck, chief scout executive, read a telegram from President Eisenhower who said the scouts would return home "better citizens" as a result of campin' at Valley Forge.

The huge jamboree began when an aerial bomb burst over the 2,000-acre campsite at 9 a. m. e. d. t. The Scouts, representing each state and virtually every nation of the free world, snapped to attention and delivered their famed three-finger salute as the Stars and Stripes was unfurled while a 160-piece band played the National Anthem. Then the official jamboree flag, showing Washington kneeling in prayer at Valley Forge was raised.

The ceremonies opened a full-week of activities and contests designed to keep the Scouts going until the jamboree ends next Thursday.

Imaginary Bombs on Illinois Create Nightmare Situations

CHICAGO (UP) — An imaginary war bringing nuclear bombs to Illinois cities created a nightmare on paper.

Imagine:

Two hydrogen bombs falling on the Chicago area with casualties of 256,100 killed, 232,150 injured and a serious radioactive fallout area stretching across Indiana to the Kentucky border . . .

Two 3,000 pound nerve gas bombs breaking open in Lake Michigan, contaminating the water supply for millions . . .

An atomic air-burst over Peoria, with 13,500 dead and 16,750 injured . . .

A similar air-burst over Rockford, with 12,000 dead and 15,000 injured . . .

A hydrogen bomb burst on St. Louis, catching the East St. Louis, Ill., area with enough impact to kill 934 persons and injure 3,320.

That was the imaginary situation confronting the state Civil Defense Corps 350,000 strong during Operation Alert 1957 Friday.

The bombs were supposed to have fallen with less than two hours notice. However the problem supposed an international situation so serious that half of the seven million population of the greater Chicago area had been thinned out in the preceding four days.

The C-D communications network mobilized for Operation Alert and a notice was flashed to all counties through the state police radio. A network of 450 amateur radio operators supplemented telephone and telegraph communications.

Some actual tests occurred. At Carbondale, 100 persons were evacuated and emergency meals were given to 200 persons. A jet engine plant in Chicago evacuated 8,000 employees.

Real Tornado Warning
The Illinois Bell Telephone Company alerted employees in its 400 buildings in the state. More than 300 Chicago industries manned fire brigade units.

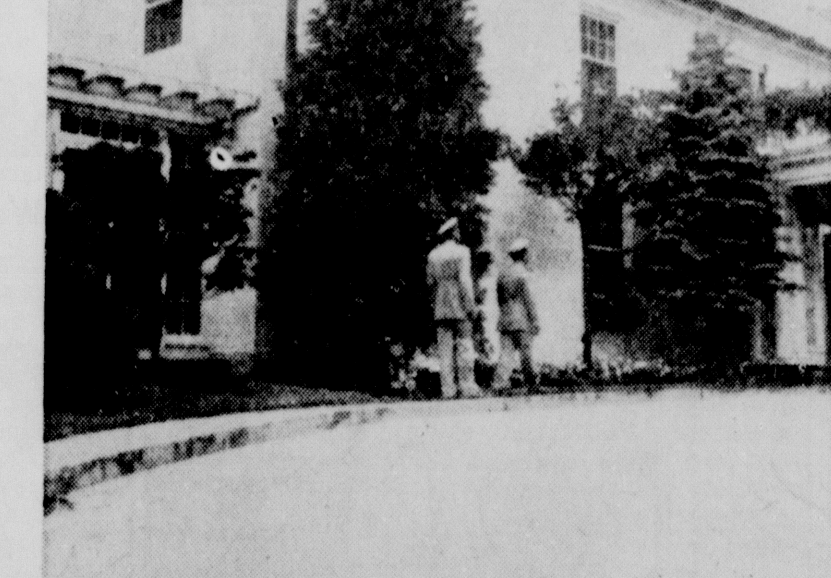

The funeral of Mrs. Mae Trovillion Smith, 66, who died at Holden hospital, Carbondale, Thursday, will be held at the St. Mary's Catholic church in Eldorado. The Rev. W. E. Hanagan will officiate and burial will be in St. Mary's cemetery.

The body will lie in state at the Martin funeral home in Eldorado and a Rosary will be said there at 7 p. m. Sunday.

PRESIDENT PLANS SUMMER VACATION—President and Mrs. Eisenhower plan to spend a summer vacation at the Newport R. L. Naval Base, according to a White House report. Press Secretary James C. Hagerty said the plan was contingent on "if and when the President can get away." The Presidential couple plan to occupy the home of the base's Commandant Rear Admiral Henry Cromelin.

Senator Green, 89, Collapses at Diplomatic Party

WASHINGTON (UP) — Eighty-nine-year-old Sen. Theodore F. Green, oldest man ever to serve in the Senate, was in satisfactory condition today following his collapse at a diplomatic party.

The elderly Rhode Island Democrat fell victim to "heat exhaustion" Friday night at a reception at the Pakistani Embassy. An aide said he probably will spend several days in nearby Bethesda (Md.) Naval Hospital where he is being treated.

Green's collapse came at a reception for Pakistani Prime Minister Huseyn Shaheed Suhrawardy.

Green was in good health when he collapsed at the party.

Dispose of Cases In Circuit Court

Judge C. E. Wright presided in Saline County Circuit Court Friday and disposed of several court matters.

Donald King, 25, of Eldorado entered a plea of guilty to a charge of burglary and was sentenced to Menard penitentiary. The sentence is for not less than one year or more than two years.

King was arrested following a break-in at the Locker Grocery, Route 45, Eldorado, Feb. 28.

Jack Morris of Eldorado was appointed attorney for James Ryan who has filed a petition for habeas corpus. Ryan was sentenced to Menard in 1943 after being found guilty of murder. He was tried in Saline County Circuit Court.

Clifford Bradley, sentenced to Menard in February, 1940, on charges of burglary and larceny, has also filed a petition for habeas corpus and Judge Wright appointed Harry Argus of Eldorado as Bradley's attorney.

William Seagraves of Eldorado was granted a divorce from Vera Seagraves.

Trustees of the Estate of B. B. Hutton were approved. New trustees of the estate are Cloyd A. Bacon, W. B. Welch and Joseph M. Butler.

It was necessary to appoint new trustees, succeeding A. M. Hetherington, Wilma A. Moore and Rees Turner, who resigned.

India Permits Beauty Linked with Rossellini to Leave
BOMBAY, India (UP)—The Indian government reversed an earlier decision today and issued a passport permitting an Indian beauty linked romantically with Roberto Rossellini to leave the country.

In doing so, the Indian government acted against the wishes of the woman's husband, Indian film director Hari Das Gupta, who had petitioned against issuing a passport.

Das Gupta, in asking the government last May to prevent his wife, Sonali, from leaving India claimed she was prepared to skip the country with Rossellini, Ingrid Bergman's mate.

Items of Agricultural Interest

SIU Country Column

By Albert Meyer

More man-hours of labor will be
lost as a result of farm accidents
during these summer months than
are needed to plant and harvest
the nation's entire wheat crop, ac-
cording to the opinion of South-
ern Illinois University agriculture
engineers.

The heaviest toll of farm acci-
dents during three or four sum-
mer months because farmers then
are busiest and are using the
greatest number of machines. Farm
safety experts report that more
than one million farm folks are
injured seriously and some
14,000 lose their lives each year in
accidents.

Farmers need to develop a
greater consciousness of danger
and of safety practices in order to
reduce accidents. Farm mechan-
ization is continually increasing,
and this multiplies the potential
chances for accidents to the care-
less. Surveys in several
states indicate that tractors and
other farm machinery are involv-
ed in the largest number of fatal
and non-fatal accidents. This fre-
quently occurs on highways be-
cause highway accidents top all
others in deaths due to injuries.

Home accidents cause about
one-third of all accidental deaths.
Falls and burns are the two main
causes of these fatal accidents.
Livestock, automobiles, and trucks
are other common sources of in-
juries or death. Children are fre-
quent victims. It is reported that
accidents kill more children be-
tween the ages of one and 14 years
than does any disease. Tractor
accidents snuff out the lives of
nearly as many children between
one and four years of age as they
do of young persons from 15 to 19
years of age.

Practically every industrial or
business firm continually empha-
sized safety programs, keeping be-
fore its employees always posters
and slogans about safety, conduct-
ing safety education meetings,
and requiring adherence to safe
working regulations. The farmer,
being self-employed, must be his
own safety watchdog. He should
establish his own safety rules and
remain continually alert to the
dangers that confront him daily,
especially in summer. Instead of
working with only one kind of ma-
chine, as the factory worker may,
the farmer uses a wide variety of
machinery and does many kinds
of work.

Because the farmer may oper-
ate one type of machine for only
short periods during a season, he
may not always become highly
skilled in using it. He works in
all kinds of weather and some-
times, when field work piles up,
he may work long hours, result-
ing in greater fatigue and less alert-
ness to danger.

Practically all accidents could
be avoided by remaining alert to
danger and not taking chances. In
nearly every mishap with a farm
machine, the operator or some
other person causes the accident
by improperly handling a ma-
chine, such as: driving too fast for
conditions or too close to ditches,
leaving off the safety shield on a
moving part, or trying to make an
adjustment while the machine is
running.

Tree Planting Increases in Southern Illinois

Records of trees ordered from
the state Department of Conserva-
tion, Division of Forestry tree
nurseries reveal that tree plant-
ing reached a new high in forestry dis-
trict II this spring. Martin Ander-
son, district forester, reports that
161 landowners purchased 620,000
trees for planting in these twelve
southeastern counties. This was
nearly double last year's record
when 320,000 trees were planted
on 115 farms.

Anderson credited the availabil-
ity of tree planting machines for the
sudden upswing in planting. Also
the interest created by the
extension service, soil conservation
service, and others in recent years
coupled with a break in the drought
were no doubt important factors.
Anderson also praised the Frank-
lin county Agricultural Advisory
Council for the assistance of this
organization in selling and dis-
tributing a hundred thousand tree
seedlings late in the season.

Williamson county with 150,000
trees planted leads the district,
followed by Marion and Jefferson
counties with 100,000 each. Fol-
lowing in order were Franklin
county with 50,000, White county
with 45,000, Saline and Massac
counties with 30,000, Pope and
Hamilton counties with 20,000,
Hardin county with 15,000, and
Gallatin county with 10,000 trees.
All counties recorded an increase
over last year's ordering.

Marion county with 34 led the
district in the number of land-
owners active in tree planting.
Following were Franklin and Wil-
liamson counties with 24 orders.

Spot checks of plantations estab-
lished this spring indicate very
good survival. Rainy weather held
up many machine plantings until
May, but favorable moisture con-
ditions following planting has got-
ten tree seedlings off to a good
start.

Tree seedlings are raised at two
state nurseries and sold at cost
to landowners wishing to plant
trees to establish a new forest,
control erosion, to establish a field
shelterbelt, or for Christmas trees.
A record twelve million plants
were distributed in Illinois this
spring. Anyone interested in this
program or in receiving tree plant-
ing advice is urged to contact this
forester or any of the county agri-
cultural offices. Reforestation as-
sistance is provided through the
services of the farm forestry pro-
gram.

James F. Menzie, whose office
is in Harrisburg, is farm forester
in this area. Tree planting ma-
chines will be available on a loan
basis to anyone planting sizable
acreage again next year.

Mr. and Mrs. Orlie Tanner Make Extensive Tour

Mr. and Mrs. Orlie Tanner, operators of the Little Egypt Cafe, and son, James Tanner of Peoria, have just returned from a most extensive vacation tour of the Southeastern states and Havana, Cuba. The tour included both coastlines of Florida and Key West. They did deep sea fishing, made a glass-bottom boat trip and visited Marineland, sunken gardens and went by boat through the Okefenokee swamp.

They say of Havana: "The most interesting part of our trip was our tour of Havana, Cuba. We went to a cigar factory and watched the workers hand rolling the famous Havana cigars; and to an Alligator bag factory. We saw a beautiful Catholic church and the second most beautiful cemetery in the world. We visited a rum factory and made a general tour of the city."

They observe, "Havana is a city of sharp contrasts. The very old and the very new, the very rich and the very poor. You see buildings dating back to the 16th century and giant futuristic sky-scrappers. The people are charming and friendly and every door and window has iron bars or iron lace-work. Beggars and aristocrats walk side by side. You see evidence of culture and of ignorance everywhere. The city has a museum filled with beautiful paintings, dating back to the 13th century. Havana is truly a fabulous city and as our plane dipped low over the city as we departed, we are sure that all passengers shared the thought of returning some day for a longer stay."

Dave Beck and Son Indicted for Misusing Funds

SEATTLE (AP)—Indicted Teamster President Dave Beck expressed confidence today that witnesses would testify, he and his son, Dave Jr., did not misappropriate union funds in the sale of three Cadillacs.

A King County grand jury Friday returned indictments against the two Becks, charging Beck Sr. on one count of pocketing \$1,900 in the sale of a union-owned Cadillac and Dave Jr. with keeping \$4,650 realized from the sale of two more Cadillacs.

Beck said there was no question that the money from the sale of all three cars had gone to the Western Conference of Teamsters. He said the money had been transferred to the union "in cash."

He said he "rather doubted" whether conference records would show receipts of the amounts for each car "but you can be sure it will be proved that the money—every penny of it—was received and there will be witnesses who will so testify."

Asked whether Fred Verschueren Jr., Western Conference auditor, would testify that cash for the cars had been received, Beck replied emphatically:

"You can bet \$10,000 against ten cents on that."

Well-Rounded Program At Camp Carew

(Continued from Page One)

rectors during the 10-day camp. The Senior camp, for young people 14 years or older, will be held July 14-20, with Rev. Charles Howe, Carbondale, the Dean.

Camp Carew was started in 1951 when the 50-acre tract of land was leased from the United States government. All Presbyterian churches in the two Presbyteries included the camp in their budgets and members also volunteered many hours of labor and materials to get the site ready for the first camping season in the summer of 1952.

Camp Shows Steady Growth
The first campers really "roughed" it, but it was a big success from the very start and has shown a healthy, steady growth during the short time it has been in operation.

Permanent facilities include the kitchen and dining room and a 90 by 38 recreation hall, men's shower room, women's shower room and two beach houses.

The campers live in tents, with wooden floor and framework. The ragged shore line of Little Grass Lake provides numerous coves and points.

One of the points has been set aside for worship and related services and is known as Vesner Point. Standing in bold relief against the lake is the rustic Celtic Cross, made of saplings and tree limbs. Rough benches and an altar of concrete blocks complete the tree-shaded point, which is "off-limits" except during worship services.

Other coves and points are used for boat landings and beaches. All points are reached by paths through the forests.

Two separate tent areas are maintained and then in each of the areas—tents are pitched in groups of four with two adult leaders over each group.

There are two outstanding programs. On Thursday evening the banquet is held. Of especial interest to the campers is that at this time the adult leaders are the "trotters." Meals are served family style and each day campers are designated as "trotters" that is, they must trot back to the kitchen for refills as the bowls of food are emptied. Thursday night the leaders serve the youngsters.

Then the week's program comes to a climax on Friday night with a candlelight Consecration Service at Vesper Point. Following the worship service each camper goes to the altar for personal consecration service and the service closes with everyone forming the final Fellowship circle of the camping period.

Following Saturday morning breakfast it's time to pack, say goodbye and start for home, with pleasant memories of a fine week of Christian fellowship and think of returning the following summer.

Dotty Lamour Sues for Million

MIAMI (AP)—Screen actress Dorothy Lamour asked one million dollars damages today from a Miami Beach hotel she claimed put her in a "perilous position" atop a pedestal instead of a stage for a night club act last Feb. 14.

She fell, her Circuit Court suit filed Friday said, and was "bruised, lacerated, abraded, shocked, contused, fractured or sprained about the head, neck, back, legs, knees, ankles and body."

Joining in the suite was her husband, William R. Howard, who claimed an additional \$50,000 for loss of companionship, medical and other expenses.

One Killed, Five Hurt in Helicopter Crash in Antarctic

WASHINGTON (AP)—One man was killed and five injured when a Navy helicopter crashed while attempting to land Friday at McMurdo Sound in the Antarctic.

A Navy Department spokesman said three of the injured were in critical condition.

The helicopter apparently crashed when frost and ice on the wind shield caused the pilot to misjudge his altitude. The helicopter was landing to refuel near the naval air facility station at McMurdo Sound.

Killed was Aviation Machinist 2-c Nelson Russell Cole of Detroit, Mich., son of Mr. and Mrs. Russell P. Cole of Dearborn, Mich.

In critical condition are: Lt. Richard E. Anderson, North Little Rock, Ark.; Lt. (J.G.) Bernard Fridovich, New York City; Aviation Machinist Mate 2-c Lesslie L. Scarborough, Joshua, Tex.

Attendance at Graham Crusade Passes Million

NEW YORK (AP)—Total attendance at Billy Graham's New York Crusade meetings went well past the million mark Friday night, clinching the evangelist's claim to being the best-drawing attraction in the 30-year history of Madison Square Garden.

The 18,000 persons who filled the Garden to near-capacity Friday night brought total attendance at the 56 sermons Graham has preached there so far to 1,002,000.

Graham will hold a special service for the city's Spanish-speaking population today at which he will speak through an interpreter. His last scheduled weekly telecast is set for tonight (8 p. m. e.d.t., ABC-TV).

Humphrey: Treasury Secretary George M. Humphrey wound up his testimony before the Senate Finance Committee after 14 days of intensive quizzing on the administration's economic policies. Reaction of the committee members to the testimony was mixed with some Democrats joining Republicans in praising the treasury chief. But Sen. Robert S. Kerr (D-Okla.) said Humphrey's answers showed that his fiscal policies "failed to accomplish a single one of their stated objectives."

Security: The House Civil Service Committee planned to begin hearings next week into a new proposal for revamping the government's loyalty and security programs. First witness will be Loyd Wright, chairman of a commission on government security. The commission proposed setting up a central security office to hear charges of disloyalty against government employees.

State Democrats Deny Reports of Anti-Daley Revolt

BLOOMINGTON, Ill. (AP)—State Democrats met Friday to map plans to bolster the party organization in Illinois and denied reports they were anti-Chicago Mayor Richard J. Daley.

A spokesman for the 24-man group said it was to work with the regular state organization and "to raise funds."

"It is not a revolt," he said. "The idea is not to start a rump organization."

However, some segments of the party have protested against the reported influence Daley wields in selection of candidates.

The ex-officio group, which met for the first time Friday, would "coordinate activities of various groups within the party and raise funds," the spokesman said.

'Jethro, a Practical Counselor'

Exodus 18:13-24

GOLDEN TEXT: "Jethro re-
joiced for all the goodness which
the Lord had done." (Ex. 18:9)

INTRODUCTION — Are you a
father-in-law? If so, Jethro cer-
tainly is a great example for you
to follow. He was very much in-
terested in the welfare of his son-
in-law. Do you have a father-in-
law? If you do, it would be well
for you to study Moses' reaction
to the good counsel given to him
by his father-in-law.

In this scriptural account we find
a family that is cooperating to-
gether. There seems to be a mutual
interest, one with the other. Moses
was receiving many blessings from
God. His father-in-law, Jethro, re-
joiced to see the wonderful bless-
ings coming Moses' way.

I MOSES — A GOOD LEADER

(13-18)
Moses judged the people. That
is, he gave them advice and helped
settle disputes. Perhaps this be-
gan in a small way. However, God
blessed his judgment, and the peo-
ple were soon swamped with callers
every day. This thing soon got out
of hand. Moses was getting no
rest. It was wearing him down
physically.

There are many people today
who should undergo a check-up to
find out how wisely their energies
are being used. Many folks are
just "spinning their wheels." They
are running themselves to death,
but actually accomplishing very lit-
tle. It is especially good to let
someone else help you check.
Sometimes an outside observer can
see things which we cannot see in
ourselves.

II JETHRO — A SPIRITUAL

MAN (19-20)
In giving his son-in-law advice,
Moses recognized the importance
of God's leadership. He knew that
as Moses' duties increased he need-
ed more time to spend in commun-
ion with God.

Here is a good lesson for people
of 1957. There would be far less
nervous tension and emotional
stress if people would spend more
time daily communing with God.
This is the medicine that thousands
need today.

III JETHRO — AN ADMINIS-

TRATOR (21-23)
Jethro's administrative methods

were as modern as today's news-
paper headlines. He suggested that
the work Moses was trying to do
be delegated to capable men. Let
some be judges over a thousand,
some over a hundred and some
over ten. These capable men were
to advise the most difficult cases.
In other words Jethro suggested
to Moses that authority be dele-
gated.

In a church or business where
one person tries to do the whole
job, the work lags. Where author-
ity is delegated to capable people,
the work prospers.

CONCLUSION (24-26)

Moses could easily have rejected
the advice of his father-in-law. He
could have told Jethro to tend to
his own business. It is a mark of
greatness on the part of Moses
that he listened and took Jethro's
advice.

Moses set up a system of govern-
ment which protected the rights
of the individuals. At the same
time he was relieved of minor de-
tails which would have sent him
to an early grave.

Jethro gave good advice, because
he leaned heavily upon God. We
will all fare much better if we do
the same.

CAN YOU LAUGH
AT DUCKLINGS?

Betty can laugh at ducklings. She remembers
that classic of the Ugly One who grew up to be
a stately swan.

Betty laughs because she understands the
story. She knows that some people, like duck-
lings, often scorn someone who is different.

But she knows, too, from her religious train-
ing, that there are times when a person must face
the scorn of others and be different. In fact,
the scorn of others and be different. In fact,
the scorn of others and be different. In fact,
the scorn of others and be different. In fact,

Not everyone can laugh at ducklings. Some
folks take quite seriously the dread of being
different. For instance, there are men and women
who don't attend church, but who would like to.
They simply feel awkward about breaking away
from an indifference which they think is expected
of them.

You can make it easy for the hungry-but-
hesitant to attend church. Always invite some-
one to worship with you.

THE CHURCH FOR ALL . . .

ALL FOR THE CHURCH

The Church is the greatest fac-
tor on earth for the building of
character and good citizenship. It
is a storehouse of spiritual values.
Without a strong Church, neither
democracy nor civilization can
survive. There are four sound
reasons why every person should
attend services regularly and sup-
port the Church. They are: (1)
For his own sake. (2) For his
children's sake. (3) For the sake
of his community and nation. (4)

Sam Jones Hurls Two-Hitter As Cardinals Beat Giants, 5-1; Reds Lose Seventh Straight

By United Press

Sam Jones loves to chew on toothpicks and maybe that ain't etiquette, but the St. Louis Cardinals aren't fussy as long as he can help them sink their teeth in to some World Series melon this fall.

Jones munched on a toothpick all Friday night while pitching a two-hitter against the New York Giants in a 5-1 victory that kept the Cards two games ahead in the National League pennant race.

For a time Friday night, it appeared the hard-throwing St. Louis right hander might be en route to the second no-hit game of his big league career. He pitched one such game for the Cubs against the Pirates, May 12, 1955, and he was working on another one Friday night until Whitey Lockman singled off his glove with two out in the sixth inning.

The only other hit he yielded was Willie Mays' 14th homer in the ninth but by that time, home runs by Stan Musial, Alvin Dark and Don Blasingame had insured Jones' third victory in a row and seventh of the campaign.

Redlegs Lose Again

Milwaukee remained two games behind St. Louis with a 5-4 victory over Pittsburgh, while Chicago defeated Philadelphia, 5-2, and the Dodgers handed the Redlegs their seventh loss in a row, 3-1.

In the American League, the Yankees stretched their lead to four games with a 4-2 triumph over the Athletics. Cleveland snapped a seven-game losing streak with an 8-6 decision over Baltimore, and Detroit topped Boston, 5-3. Rain wiped out the White Sox-Senators game.

Rookie left-hander Don McMahon had to throttle a ninth-inning Pirate rally to save the victory for Warren Spahn and the Braves. Spahn went into the ninth with a three-run lead but left when he ran into a barrage of three hits. Hank Aaron and Johnny Logan homered for the Braves.

Robin Roberts of the Phillies ran into his old trouble — the home run ball — in dropping his sixth straight game and 12th of the campaign. He gave up two homers to rookie Jerry Kindall and another to Ernie Banks, making a total of 26 gophers he has served up this season. Banks hit a two-run homer in the eighth and Kindall connected for his second homer with one on in the ninth to give Jim Brosnan his first victory.

Gino Cimoli of the Dodgers picked on a 3-0 pitch by Johnny Klippstein in the eighth inning, drilling it for a two-run triple that broke a 1-1 tie and gave Brooklyn the ball game. Until the eighth, Klippstein had given up only two hits. Big Don Newcombe pitched a five-hitter and didn't walk a batter in registering his ninth victory.

Simpson Beats Ex-Teammates

Harry (Suicide) Simpson's three-run homer in the eighth against his former Kansas City teammates broke a 1-1 tie and

sent Ralph Terry down to defeat Don Larsen posted his fifth victory although he gave way for a pinch-hitter in the eighth. Mickey Mantle clouted his 24th homer while Vic Power and Woody Held each homered for the Athletics.

Ex-Oriole Gene Woodling belted a two-run homer in the ninth off Ray Moore to bring the Indians their victory over Baltimore after the Orioles had built a 6-0 lead at the expense of Early Wynn. The Indians cut into that lead with the help of homers by Rocky Colavito and Dick Brown. Bob Nieman homered for Baltimore. Mike Garcia was the winner in relief.

Jim Bunning of the Tigers gained his 11th victory with the aid of Ray Boone, who drove in three runs with a triple, double and a pair of singles. Bunning yielded eight hits, including a pair of homers by Ted Williams. The homers were Williams' 21st and 22nd of the season and they gave him plenty of satisfaction inasmuch as he had vowed to atone for a number of strikeouts at the hands of Bunning earlier this season. Al Kaline also homered off loser Frank Sullivan.

Tebbetts, Alston Held Responsible For Players' Acts

BROOKLYN, N. Y. (AP) — Puzzled by National League President Warren Giles' edict making them responsible for any future fights involving their players, managers Birdie Tebbetts of Cincinnati and Walt Alston of Brooklyn declared today they may be helpless to comply with his order.

Giles sent special bulletins to Tebbetts, Alston and the six other National League managers warning them they would be held responsible for any repetition of Thursday night's brawl between Brooklyn and Cincinnati players.

"It's no good to make us responsible," Tebbetts said, "unless they put in a rule that any players not involved in the fight, who come out on the field, be thrown out of the game."

Alston said he didn't see how any manager could control his players once a free-for-all breaks out.

"What am I supposed to do if someone pokes one of my players?" he asked. "Am I supposed to tell my player not to retaliate because I'm to be held responsible?"

All was peace and harmony between the Dodgers and Redlegs Friday night in their game at Jersey City, N. J.

The only casualty from Thursday's fight was Redleg third baseman Don Hoak, who was missing from the lineup because of two swollen fingers on his right hand.

Hoak, who was flattened Thursday night by Charley Neal, had originally vowed to "get" the Dodger infielder but "cooled off" after Giles levied \$100 fines on both along with Raul Sanchez of the Redlegs and Junior Gilliam of the Dodgers. The NL president also warned Hoak against carrying out his threatened reprisal against Neal.

Gomes Wins TKO Over Lulu Perez

CLEVELAND (AP) — Fast-punching Harold Gomes of Providence, R. I., who quit fighting as a featherweight because "there ain't enough action in that division these days," is developing into some shakes as a lightweight campaigner.

The tough little New Englander continued his fast rise up the fistie ladder Friday night by slashing his way to a sixth-round technical knockout over Lulu Perez of Brooklyn, N. Y., in their nationally-televised fight.

It was the 21st knockout victory in 43 pro fights for Gomes, who weighed 130 pounds. He was the 7-5 favorite. Perez scaled 129½.

HUNGRY LOOK—Here's what watching a baseball game is like when you're in first place and thinking of World Series money. The Chicago White Sox bench has that can't-afford-to-lose look as, left to right, Walt Dropo first baseman; Sherman Lollar, catcher; Dick Donovan, pitcher, and Larry Doby, center fielder, watch the action.

VFW to Play at Mt. Carmel Sunday

The VFW baseball team will leave from the VFW baseball park at 12 noon Sunday for its game with the Mt. Carmel Moose team there.

The VFW lost one of its best players last week end when Carl Griffiths broke his jaw. Griffiths was having the best year of his baseball career. He was batting .400 and was fielding flawlessly. This week he will probably be replaced with Bill McNew, one of the team's regular pitchers. Others players who will make the trip are: Romonosky, Tonazzi, Dallas, Stout, Sisky, Wallace, Smith, Emery Hill and possibly Odle.

The VFW team will practice each Wednesday at 5:30 on the Town Park diamond. Next Saturday will be the next home game for the locals when the Evansville CIO team comes here for a night game.

IS MAKING CHANGES!

Moving day is in the offing for your Telephone Company and there are many changes being made as the work of converting to dial operation progresses.

You — the customer — will be affected by some of these changes! For the few weeks before your new dial service is in operation we ask that you supply your frequent callers with your new telephone number since we find it necessary to discontinue intercepting calls for changed numbers.

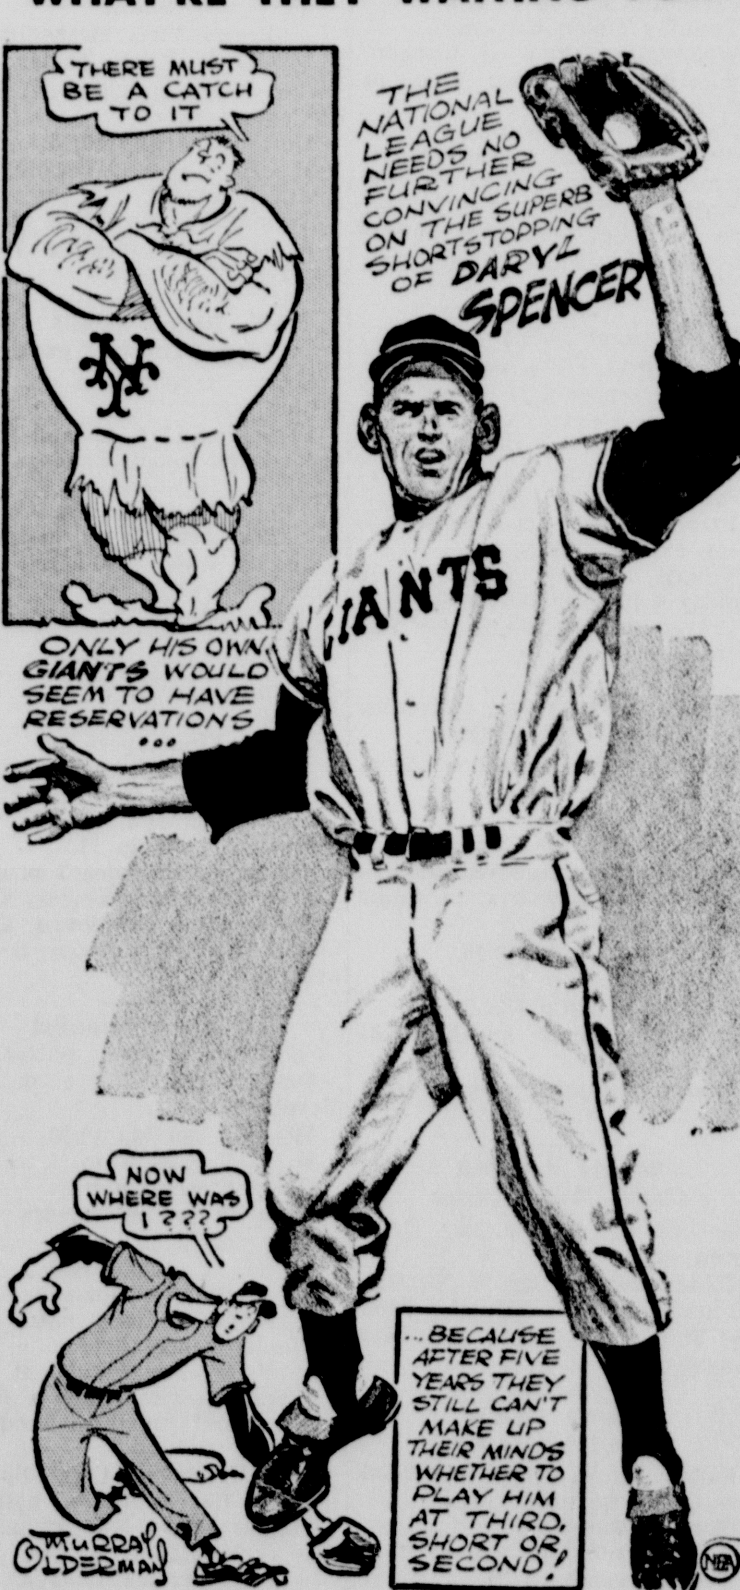

There will be no change in the handling of information calls — all requests for customers' numbers will be supplied in the usual manner. We have, however, prepared a special supplemental directory which lists many number changes made during the conversion period. This directory which will reach you within a few days, lists changes made prior to June 12, 1957.

We will appreciate your co-operation in working with us during this change over period.
